Dear Sir:

Applicant believes that the above-identified application may become abandoned for failure to timely file a Request to Rescind Non-Publication Request and Notice of Foreign Filing. Applicant respectfully submits that pursuant to 37 CFR 1.137(b) and MPEP §711.03(c), the failure of Applicant to file the aforementioned Request to Rescind was unintentional. The entire delay in filing the required Request to Rescind from its due date until the present date was unintentional as set forth in the following facts:

1. On February 18, 2004, Applicant filed the within application with the United States Patent and Trademark Office with a Request for Non-Publication Pursuant to U.S.C. §122(b).

Appl. No. : 10/782,680
Filed : February 18, 2004

2. On February 17, 2005, Applicant filed a European Application with the European Patent Office.

3. Applicants' attorney's normal docketing procedure would have been to docket the filing of a Request to Rescind Non-Publication Request **immediately**, and to file said Request to Rescind in one to two weeks.

4. A Request to Rescind Non-Publication Request was mistakenly never docketed, and thus was never filed, although it was intended to be filed.

5. Applicant's attorney's office only discovered this mistake on May 31, 2005, the date this petition is being filed. A Request to Rescind is also being filed herewith.

Applicant hereby petitions for revival of this application.

The petition fee for revival of an unintentionally abandoned application for a large entity is \$1,500.00 in accordance with 37 C.F.R. § 1.17(m). A check in the amount of \$1,500.00 is enclosed herewith. The Commissioner is hereby authorized to charge our Deposit Account No. 501423 for any additional fees which may be required.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful, false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,
